Respectful Wildlife Viewing Professional & Knowledgeable Crew

Who We Are

San Juan Safaris prides itself in providing high quality, small group whale watching and wildlife tours. Our philosophy is to observe, but not interfere with Orca behavior.

We operate two fast, well maintained U.S. Coast Guard inspected vessels. Our greater speed gives us longer ranges and more sightings. No one else sees more whales than us! Naturalists personally interact with guests, interpreting one of the most unique ocean environments on earth.

Enjoy the thrill of seeing one of the most impressive animals on the planet, the Orca Whale. In addition, we often see Bald Eagles, Seals, Sea Lions, Otters, Humpback Whales, Minke Whales, Gray Whales, Dall's Porpoise and Harbor Porpoises.
